Share template feedback

Develop shared understanding and empathy

Summarize the data you have gathered related to the people that are impacted by your work. It will help you generate ideas, prioritize features, or discuss decisions.

What do they need to DO?

What do they need to do differently? What job(s) do they want or need to get done? What decision(s) do they need to make? How will we know they were successful?

Government should create awareness

implement

rainfall

prediction

device

Crops got destroyed due to inaccuracy of prediction

Many of them lost their lives due to storm

What do they SEE?

What do they see in the marketplace? What do they see in their immediate environment? What do they see others saying and doing? What are they watching and reading?

What do they SAY?

What have we heard them say? What can we magine them saying?

> Predicting the correct weather for farmers

> > Loss of life and property will be avoided

What can we imagine them doing?
